

Medicare Advantage Plans with savings built in!

Order your over-the-counter (OTC)
products from the comfort of home.

Univera Healthcare Medicare Advantage plans have savings built in. Many of those plans include a quarterly over-the-counter (OTC) benefit that allows you to purchase OTC products you may need. This benefit offers you the convenience of delivery to your preferred address. You will receive a catalog of items to order from. This benefit provides you a set amount each quarter to spend on everyday health and wellness items. Your plan's OTC benefit covers hundreds of items including aspirin, vitamins, cold and cough preparations, bandages, Covid 19 test kits and more.

NOTE: Not available in all plans. Please check your Evidence of Coverage or member contract for verification of coverage.
